

## Buying a Site(s)

As the final resting place for scores of American patriots, Congressional Cemetery offers a unique opportunity to "rub shoulders" with the founders of our nation, the builders of our nation's capitol, the great orators of Congress, gallant soldiers who died for our liberty, and many of the artists and writers who helped define the culture of America.

As Congressional Cemetery enters its third century of service to the community and nation, it is poised to reclaim the tradition as The Premier Burial Ground in Washington DC. Many traditional ground burial sites are available in any of our ten historic sections. These sites can accommodate up to two interments or multiple inurnments.

In addition to our traditional ***Ground Burial*** and ***Ground Inurnment***, Congressional Cemetery is proud to announce the development of a new **Green or Natural Burial Section**. No other Cemetery in Washington DC, Maryland or Virginia offers **Green Burial** and Congressional Cemetery is excited to offer this economical and environmentally sound option.

If you would like information on buying a site at Congressional Cemetery, contact us at [sales@congressionalcemetery.org](mailto:sales@congressionalcemetery.org)
